Note there were about 5 x **DLE** reg AG's sent to Witham's in about 2003 or 04 and sold alongside the Green Goddess plus an ex CD, SXF reg LWB Land Rover I think they went for about £4,000 to £5,000 each.

169 **XYJ 480** **LWB** 7,724

Note. There are no **XYJ** reg's listed in the Green Machine, so is this is an odd one out.

96 Austin Gipsy's were sold that day including several Brockhouse 15 cwt trailers which had a pump on plus some fire equipment as well.

They also sold Coventry Climax pumps and equipment as separate lots, plus other equipment. This is why the lot numbers of the vehicles do not run in any order..

If any member has any other information on the sale i.e. the price the vehicles made at auction then please let me know.
